

# Browncroft's Values

---

Our **Browncroft Values** are the priorities that shape our lives.

People will not readily accept a vision for the future until they can appreciate its link to the past. Core values provide that link. Since its founding in 1922, Browncroft's heritage has been reflected in the values that it has passed from generation to generation.

## **Bible based ministry**

We believe that the Bible is true and that it is the only reliable and inerrant source for spiritual truth. At BCC the Scriptures are central to all we say and do.

## **Disciple-making**

Jesus commissioned His followers to make disciples by teaching them what he had taught them. At Browncroft, we carry on that priority. Every Sunday and throughout the week, there are exciting opportunities for children, teens, and adults to participate in the study of God's Word.

## **Global and local missions**

Lost people matter to God. They need the opportunity to consider the life-changing message of Jesus Christ. Browncroft is committed to taking that message to the whole world. We encourage our members to share their faith and to participate in God's global agenda. As a church we support 75 missionaries and are committed to reaching the Wolof people of Senegal.

## **Nurture and community**

God never intended that the walk of faith should be a walk alone. His followers are to walk in authentic community with one another. Though Browncroft is large and rapidly growing, we are committed to providing personal care through our Small Groups and larger affinity groups.

## **Meaningful Worship**

Worship is what we were created to do. Our ongoing aim is to share a message grounded in the scriptures, to provide a time of corporate prayer, and to lift up our voices together in singing praise to God through a rich variety of music. We want to glorify God, extend His kingdom, and build the body of Christ.
