***A Living Word / Hebrews 4:12-13***  
***January 12, 2020***

The first challenge in this series is to spend time with God. This is the foundation of a growing faith. It's not enough for us to simply read the Bible. God's Word must penetrate our hearts and challenge us on the level of our motivations. Only God can change us but we are called to participate in our own transformation.

**Read Hebrews 4:1-13**

1. Summarize the warning given to these believers in this passage. (see Hebrews 3:12)
2. What are the stated purposes here for God's Word in our lives (verses 12-14)? (see 2 Timothy 3:16-17)
3. What is our part in our spiritual growth with regards to the Bible (Hebrews 5:14)? (see Psalm 119:58; Matthew 7:24)
4. How has God spoken specifically to you from his Word in the last week?

***God give me a greater desire to know you and your Word in my life this week***

Using the SOAP method for daily time in God's Word:

**S** *cripture* – Write down the verse that sticks with you the most.

**O** *bservation* – What is the overall message of the verse?

**A** *pplication* – How does this truth apply to your life today?

**P** *rayer* – Ask God to make this real to your heart and your life.
